Gusnpsmith82 Just one of renegade's little bugs - nothing to worry about.

I believe that happens at rare occasions once you've lost your powerplant.

Ok, I'm not worried... It's just weird coz, like I said, I didn't see stuffs like that in almost 2k games, since Feb 2002.

Actually, i've not seen it for a very long time... we used to see it quite frequently.

I'm not sure if one of the previous patches made the bug less likely or something?
