Gen_Blackx wrote on Sat, 28 March 2009 19:27 We aim to offer the best and fairest gameplay possible for Command and Conquer Renegade.

I hope, not that many servers out there that have good moderators. Usually it's "if you're someones friend" (aka a mod) they don't second guess you. It's kind of bullshit really. I love that question on the mod app "define Volunteer Moderator" Lol a lot of people forget what their job actually is, taking it too seriously.

Sounds good though, I'll check it out with some buddies tonight.
