actually have my own, will upload in a bit if you want.

That would be great

EDIT: I'll also be editing textures so they all fit together, so only if you're alright with that
Its been a while since I did anything to them but as far as I know they did fit really well. The trees
are stil green though lol.

They are not renamed like Reloaded's they are just original texture replacements.

I need to re-collect snow files for Islands.

EDIT: Done.
