Of course, when concerning MY arguments against government spending, I'm A BADASS WHO HATES EVERYTHING. Except that I actually have LEGITIMATE grievances, but you won't admit that. It's just easier to write me off. Since I don't agree with either side, I'm somehow part of the lunatic fringe. Good job using at using ad hominem. We wouldn't want you to actually DEBATE the issue because that would mean you'd have to acknowledge my viewpoint, and that's just not your style.

Heaven forbid that my positions on political issues are void of typical hypocricies that we see from both liberals and conservatives. That just makes me legitimate, thus RADICAL AND A BADASS.

I've considered Obama to be outrageous in his spending, just as I have criticized Bush for the same and more... like the disappearance of my 4th Amendment rights. Again, acknowledging that I'm not a hypocrite is too hard, so it's just easier to write me off as some radical. Once again, kudos to your usage of ad hominem.
