However, the PS3, I think is too much money for what its worth. Sure its cost comes from the quality parts and gadgets it is made with, but it has so many different things in it that I either don't want or wont ever use that I would end up paying money for.

I have my PC, my 360 and my Wii, and I'm happy with them.

the only reason the ps3 costs more is because it has more to offer tbh.

EXCEPT GAMES LOL
