Imdgr8one1.26 MB (1,331,967 bytes)
I know you got a 56k..... poor thing

Aww so sad...I download a linux disto over dialup through the course of a weekend once. Like 350mb+ and guess what, @ the very end when it was copying the file from its temp location to the actual location IT FUCKING CRASHED. Anyways like I was saying, 1mb ?!?! big deal.
