madcowLook I have the game on original Discs. I just wanted to play it tonight.

I did not know that it would be sooo much trouble for someone for a little bit of help. I guess I was asking too much. God forbid should anyone bother to put themselves out and help.

Sheesh! dont strain yourselves.

Thanks for nothing.

Why are you getting all pissy over someone not giving out their legal cd-key? If you want to go play it tonight goto Walmart, I'm sure the one near you is open 24 hours. I don't care if you have the game on the original discs. with out the cd-key they are frisbees. you're not going to get a cd-key out of anyone in this community. if you sent in your discs to EA, it'll still cost money, and you'll have to wait a long time to get the new one back for sure. So instead of wasting your time sitting here whining because you can't get anyone to give them their cd-key, you could have been to walmart and back already and had it halfway installed.
