Every game is different, no matter howmany times you played the map. Maybe you "cannot see" the standard maps anymore, i'll play complex another 5000 times.

U rly wanna check, who plays the maps more often?

This is just one month. 5000 times (the bunch of maps) is just ~1,5 years. I guess, I played it RLY often over the last years and I have a right to say, the fun drops constantly with those years and without new maps.

I have no doubt, that a lot more fun would be ingame with some new maps.
