Subject: [skin pack] GDI tiberium characters Posted by JsxKeule on Wed, 13 May 2009 19:31:45 GMT

View Forum Message <> Reply to Message crysis992 and me wanted to make a whole ren skin pack for the tt patch. The theme of the skin pack was nod to scrin from cnc3 and gdi to tiberium monsters the idea was good and some big parts were finished but the motivation was gone so we decided to make another skin pack. The theme now: A path Beyond. we started today so just 2 vehicles but we decided to release the GDI characters. Here are some screenshots of the chars. Engineer: Hotwire: Officer: Patch: 150 Sydney: and the Purchase Terminal Icons which are included: and thanks to Ben AKA Player for being my model^ File Attachments
