Hello, i am quite good at renegade so i decided to make maps myself. As i did, i'm having trouble actually playing it because everytime i save my work progression, and run on lan on 1 player, playing by myself, i click the drop down menu seraching for my mod package, as i click on it, theres no map availble for me to play, help me pls. I followed ev ery single spectacualr step of someones tutorial that is sucessful. My other problem is, my textures doesn't read on Level editor. help me plss

thnxs in advance
