I followed like 4 guides form EA on how to and every time I got error after error and like now i end up using 3 emails and like 3 diff accounts on like 3 diff parts of there site and yet nothing fucking works..I tryed everything and all i ever get is error or it cant find it, even one part says type in game code to find the game right? so in the back of my booklet says straight out :game code for this game is xxxx: and yet EA cant find it! I fucking hate them
