CarrierII wrote on Mon, 17 August 2009 18:36+1 for PMing me asking where the best place to host a server is.

If I may offer you some friendly advice: Do not try to start a new server, there aren't enough players to go round.

Indeed. (sadly though ofcourse)
More than ¾ of the servers are empty. I once ran a server with a max of 5 players
Every other day it will be empty
