surth? / surth! wrote on Mon, 30 November 2009 14:39so youre admitting the defeatist nature of discussing taste? awesome, i can practically stop here!

If you call that defeatist, then there really isn't a point in discussing anything, since any discussion on any topic will end that way. That would mean it's defeatist to have forums at all.

surth? / surth! wrote on Mon, 30 November 2009 14:39Because out of every metal song i have listened to so far, I have liked about 1 or 2 (more if you were to include, say, nine inch nails broken). inductive reasoning (HARHARHAR) therefore tells me that its not worth my while trying to find metal i like because the chances are slim i will.

Well, I'm sorry to hear that. I guess you're a faggot with no taste. I don't think they have a cure for that.

Also, no. Nine Inch Nails doesn't count.

surth? / surth! wrote on Mon, 30 November 2009 14:39Oh, so writing does matter? In that case, derp derp derp derp

Did anyone ever say otherwise?

surth? / surth! wrote on Mon, 30 November 2009 14:39I happen to think its not beautiful. sorry for that.

See above, the part about being a faggot with no taste. Maybe modern science will find a cure one day.

surth? / surth! wrote on Mon, 30 November 2009 14:39Oh, so because you downloaded Reason 3.0 and played with it for 5 minutes, you have proven that Aphex Twin has absolutely no skill at writing.

Actually, it was FruityLoops, and I'm not discussing their writing skill as much as I am their musicianship (Or lack thereof)
