Goztow wrote on Mon, 07 December 2009 20:11 With all due respect, I doubt that any of the APB or Reborn testers would notice a balance issue even if it was sky high.

The only balance changes done so far are pointfix and being able to shoot below you on certain maps. The rest shouldn't really affect balance.

Btw, why does everyone understand the shooting below you bug while at least 30% doesn't understand the point fix at all, and perhaps 60%-70% that only seem to grasp the concept, but not exactly what the change is?
