NO I as recall you were confronted and admitted to it to me, Boink and another whom I will get involved. You lie and you cheat.

You lie badly at that.

SO STFU

But if you were just testing it out as you claim why were you kicked from the clan then? I think somewhere I have the forum backups to where you were voted out by the leaders of that clan. And no where in those forums does it say that you were testing a hack.

You were testing it out in game every game and in clan matches. That is hwy you were kicked from the clan
