hey, thansk for looking.. ive made vehicle bots from this tutorial..
http://renhelp.laeubi-soft.de/index.php?tut=70

it says now create startup spawner and you'r done.. :S:S
i dont no how..
when i play game.. once the vehicles are dead they stay dead i want them to re apear like 10 mins
after...
can any of you show me a tutorial or tell me how to make them come back and back.. etc..

 please help asap i would like this done asap....
ouh and if you know any troop ai bot tutorials to add troops.. please give us the link.

ouh btw its undermap im editing.

                cheers..
                        leo
