I find it fun and it takes your opponent's mind off of the game and focuses it on the argument.

And your aswell dummy. <.<

No, because I realize what I'm doing whereas the accuser doesn't.

They think I'm taking the time out of playing to argue with them when in reality I'm just trying to keep them busy.

It doesn't take me 3 hours of being stationary to form a response and send it... I can do it in a few seconds. So the joke is on them.
