I put it to you that the majority doesn't want you doing anything further to fuck this game up. So, voluntarily leave this game and everything related to it and don't come back. Thanks.

Or, if you want a 'coding challenge', then I don't know why you wanna make cheats... lots of idiots have done that. Make a really good anti-cheat instead, or maybe you don't have the skill?

doesn't mean you aren't pondlife, just means you're two-faced dishonest pondlife.

Quoted for truth.

I thought you had an arrangement with BHS not to make any more cheats for renegade anyways 0x90? Seams that went out the window with the latest cheat available ..

Kindly leave this game and never fucking come back.

Also as Gozy said most people on this forum nowadays have cheated at some point, probably why there's 18 'nopes' cough cheaters/fools cough
