Think of it like this: A friend of yours walks into your home. He's pretty nice, but not exactly your closest friend. Just let him in for a party or something, y'know?

About an hour passes, and this guy goes in the middle of a room where everyone is, drops his pants, and takes a massive shit on the floor. After that, he proceeds to masturbate.

When he's done, he then proceeds to act like nothing happened, and goes "Hey, nice party!". And when you go "WHAT THE FUCK DUDE, WHAT THE FUCK WAS THAT?! GET THE FUCK OUT", people at the party start defending him and saying you're rude for saying such things to him, and that he's really a nice guy and it's not nice to treat him like that.

This is pretty much exactly what's fucking going on with 0x90.

Only the party is full of minors with no supervising adult, and 0x90 would be the 7 foot tall 300 pound body builder that doesn't mind kicking an ass or Two.

Sure you could make a stand and feel like a hero, but you're going to get your face punched in, and the party that is renegade would be well and truly over, for you and everyone else there.

But hey, you got your principles still though, right?
