Aircraftkillerx50c3ntTheres no use in trying to reason with him. The CW vs Crimson did have a point to it; that u all suck. ACK you dont have time to waste? Yet you spend your entire pathetic life on making maps for a game that has been dead for over 2 months? Oh wait, am sorry, to you all here its not dead - everythings fine - of course you are all the no lifes sitting home playing this game 24/7. Crimson will lock this when she sees it, of course we challenge them and she never answers. We challenge them and ACK says "not wasting time". We'd fuckin own you, even the average players like me and IceSword will fucking own you. You see Ice might be scared of getting banned, but me i can give 2 flying fucks if i get banned. Why? Cuz these forums are bullshit. Crimsons incharge of it? LOL its BS, if its "Community" forums then nobody of any part of this so called community should be banned just for stating their opinions, and this isnt n00bstories.com for Crimson to be incharge of it. Even if i do get banned its jsut proving ym point. This side of the community sucks, nothing but ppl like ACK making maps all day, Crimson boasting on how shes "helped" and dedicated her life on working a game thats been dead for bout 2 or 3 months now. And then you dodge our challenge? LOL...

Insult me all you want, I'm not going to play you. I doubt anyone else will, either.

Why do you spend your time brooding over people you've never met, and never will, over a game that you think is dead?

Oh but ACK i will insult you whenever i get the opportunity. What? You think i will ever like you? Plz. If you call what i posted insults then you really dont kno me. Shit, in this post i can jsut insult you, but i wont. Not worth it; like you said, i think the games dead (which it is), so theres no reason in getting you to play a game. But you say CW trys to prove how "big there penis is"? OMG we're not trying to prove anything. ACK you kno as well as i this useless beef from CW to n00bstories has been around ever since n00bstories was created. We talk shit, you guys talk shit, but what i cant understand, why not play to see whos better? I mean, obviously the winner will gloat, its the nature of this game to gloat after a big win. Is that what your scared of? Of n00bstories rep going down the drain if you lose? OMG, and you talking bout lifes? ACK you spend your time making maps for a bunch of 14 y/os YOU never met...yet you choose to critisize my life? STFU. And you wonder why most CW players have no respect for you (cuz u talk shit but never play)?...geez...

BTW fuck Qick

And Ice i apologies, the door will still be open tonite right? :inlove:
