I've been away for ages... anyway, just wondering who's still around from XphazeGaming!

I'm 'XiaoRulez' by the way. 2001-2006

I'll try to get hold of Andysh and maybe we can have a reunion one of these days...

Also, i might revive the www.XphazeGaming.com Lets see if we can reel Yongga back in. (just need to wait for the domain to expire)

Ahh, good times.
