Lone0001 wrote on Thu, 21 October 2010 11:01Fallout 3 New Vegas does look quite good, having said that I have not played it yet. Though, after seeing a few developer interviews and previews, it has been said that it's much more than an expansion, I've never heard "it's just an expansion".

I have played and have yet to finish Fallout 3, so far I think it's pretty good.  
Who the fuck told you "it's just an expansion"?
