reborn wrote on Wed, 03 November 2010 12:25The thing is, from what I can tell, SSnipe is a sociable person. I don't think he's too stupid to use a search engine, he's just friendly and enjoys the interaction with others...

When someone in real life asks you a question, you don't tell'em to just fucking google it. Perhaps there is another reason why they're asking you? They respect your opinion? They want to get to know you better? They want to integrate themselves?

Or they want an opinion written by a person as a personal communication, rather than written for an article / public consumption?
