jonwil wrote on Sun, 14 November 2010 23:58 Actually, I can say that (based on the decreasing number of bugs being picked up by the private beta testing team who are testing 4.0 on RA2:AR, Reborn, RA:APB and Renegade) we are getting closer to a public beta.

And I think I have found a solution to the organizational issues that we had before so that may be sorted soon too.

so let me ask you a question if scripts 4.0 does come out ? do you think we are going to get renegade going strong again or do you personally believe on your half that this is the end for renegade as we know it ?
