The screenshot shows the 'Advanced Listings' screen in the game Renegade. At the top, it displays 'Connected To: XWIS', 'Login: limewire3', and 'Speed: Cable Modem bps'. The main area is a table of game listings. Each listing includes an icon, host name, game name, game map, number of players, and speed. All listings in the table show a 'Version Mismatch' error. A hand cursor is pointing at the listing for host 'a00000002'. At the bottom of the screen, there are buttons for 'Back', 'Page Buddy', 'Refresh', 'Host a Game', and 'Join Game'.
