except i didn't say i was the best player back then... but hey, absolutely anything is better than just acknowledging what's right in front of you, isn't it? i suppose i could just pull a hitman and say i wasn't trying in the islands game because i don't care about clan games as much as you (the second half of which would be true), only unlike you i don't feel so insecure about losses that i need to make excuses as dumb as that
