smak forums were changed when i was away.

but if you're going to list why nobody plays clanwars anymore, i would've thought that undetectable cheats deserves at least a passing mention.

I wasn't making a list, but yes, it does

is there a point in here somewhere?

nah I just thought it sounded cool

and not just you, in case you haven't noticed.

It's hard not for me to notice when you're swapping lobby war days out of the blue. Out of it though came 2 days worth of Renny this weekend, so . This could turn out pretty well and end up being a weekly thing. I know there are others besides us who are helping make this happen, Goztow obviously who provides us with the server, Hypnos, Ioncloud, etc. Thanks brosephs

perhaps Taiwan could be promoted from "an okay clan", considering it went about 50% against EF (one of the top clans in all of renehistory, your words not mine) and about 70% against FE, including clearshot at the time. i was in FE with clearshot immediately before that. we had little to no competition at all, so i created Light/Taiwan with some guys who'd barely played clanwars before at all, and ended up raping everyone else for three months straight. but that was before you were really active in clanwars. simpee remembers it, though he never tires of trying to lie about it. this question obviously means a great deal to him.

Everyone was really bad back then jokes

Really, that's all it takes to galvanise you and Kill into action? Someone saying someone other than Kill is the best player now?

Kill says he's polishing off the extra-thick glasses, getting out his old Havoc mousepad, and getting ready to bunker down for some heavy Renegade time. "I prang the jew" he proclaimed.

i'm also glad someone recognises that i wasn't all that much of an active player in clanwars, except for a few select months. like i said, simpee remembers that period, but he certainly won't tell you the truth about it.

Only active for a few select months... then quit disrespecting the people who played competitively for years and years and continued playing even when times got hard.

wow it sounds like trooprnm after winning a 1v1. Sorry I didn't realize you were keeping track. If I knew we were actually having a competition as to who can win the most games, I probably would of gone all in.

there you have it, ladies and gentlemen.

OMG I CANT BELIEVE YOU'RE ACTUALLY TALKING ABOUT WHO WON THOSE GAMES
I WASN'T TRYING

it was only a matter of time, i suppose

Put it this way Spoon. I was playing a regular season game, You were playing for the World Cup, so it seems.

We weren't keeping score - apparently you were.

So I guess tomorrow we'll expect more of the same. Everybody better play their best, cuz Spoony's judging you.

Thats why people didn't want to play Troop... if he wins, he rubs it in your face on a forum.
