LOL. According to your specifications here on win or lose, Spoony, have you ever lost an argument?

The answer to that, in Spoony's mind, is no.

this is the kind of question people always, ALWAYS ask for one reason and one reason alone - to make themself feel better about LOSING AN ARGUMENT

hate's just added one more dash on that tally, cos he's HaTeD me ever since he - wait for it - lost an argument about the pointsfix. it's quite funny how desperate he is to avoid accepting how wrong he was, and it's obvious he's still angry.

never mind whether i've lost an argument, do you want to show me a topic where i was conclusively shown to be totally wrong and i didn't accept it? in this thread, you can see hitman and simpee guilty of that multiple times - you also have them repeatedly trying to lie, and getting caught. with simpee that's not at all surprising, he does it in every single argument he has with me - but it's a new for hitman. do you mind this? that's the same question i posed to boomer. if yes, say so - if not, why ask me?

Surprisingly enough....it was a yes or no question. I didn't even bother reading the post, because it's so extremely obvious that all you're doing is avoiding the question. I dare you to reply to this with a yes or no answer to the question. In fact, I triple dog dare you.
