Subject: A question about lights Posted by roszek on Fri, 11 Nov 2011 22:03:50 GMT View Forum Message <> Reply to Message

I have been remaking one of my old maps, I had redid the bridge and added some lights but I can't seem to get them to look natural. I also want to add same type lights to a lift I made which is to carry inf across a tib waste ditch thingy.

I would appreciate any suggestions/tips.

I'll include screen shots so you can see what I mean:

As you can see the lights kinda suck
