Are you really trying to tell me who you were s... Wow, that's got to be the shittiest defense of an opinion I've seen this month. First of all, if you don't want someone to talk to you or discuss your opinions, don't post. Second, Glacier Flying is not "the best map". You sound like the customer in the iphone 4 parody.

"What the hell entices you about the god damn iphone, if you don't mind me asking?"

"It's the best phone."

Yes, you're entitled to your opinion. That is not a defense of what you think. If you can't be bothered to explain why you think the way you do, why even post anything at all? To quote Maddox, "you should stop whatever it is you're doing and start plowing fields, because you lack the ability to form language ... and are therefore a cow."
