Fifaheld wrote on Sat, 11 February 2012 12:56Hello. Where can i Find a Plugin with this Commands? !Veh, !Char and !weapons? thx. For SSGM 2.0.2 or Higher

use LuaTT (for 4.0) or LuaV4 (for 2.0.2) and find on internet some Lua plugins with those. you can make your own commands. is very easy

if you don't want use Lua, then you need to use C++

good luck.
