wilo, why do you act the way you do?

did you have a horribly abusive childhood? do you have a serious mental disorder? or are you just a fundamentally bad person?

hasn't it ever occurred to you to wonder? do you think your parents would be proud of you if they saw you threatening e-vengeance on the internet over a computer game? (and you've been doing that since after your joke of a 'truth' thread)

take my advice, because i mean it for your own good, i'm not trying to be funny or anything: try being a decent person. no more e-attacks, no more threats, no more lies and trying to frame other people... try to act like a man for the first time instead of a wretched, petulant little boy.

if you respond to this post with more threats, like you do to other people who haven't provoked you, then consider my point proven.
