PsYTo which I admit, I dont even play Renegade anymore, its not even installed on my computer. I did it for about 1 day and thats it, now I dont even play. So fuck off I will. You need to get off your ego trip ACK, you seriously do.

"Hi Im ACK, Not only am I a grammer whore, I also make maps, so fuck you!"

Wait a moment - you're talking about a high horse or an ego trip when you're sitting there releasing cheats and hating someone you'll never meet, right? "Oh, I hate Crimson, lets release all these cheats so we can kill Renegade, just because we hate her."

STFU until you draw your piggy little ass out of the mud slop. I've seen your picture, you look like a fucking pig and that's exactly what your mentality is.

"snort sn0rt i h8 crimson lolol"
