your mistake in this case is that, yet again, you took Wilo at his word
and yet again it was untrue

why are you so willing to believe everything he says, every single time

we go of topic again dude I got that message one week and the next you ban me be real you was tasteing wilos milk at the time you still have a little on your chin.

you say you was already going to ban me bs bs bs I never really play at jelly. you and other servers banned me on his say so and you know this is true.. you try to hide the fact you are a yes man

now get over your self kid. I can pop in and out anytime under a new ip/seriel/name and you know this

you own hate will consume you

and again you say he had nothing to do with you banning me when you even said this was the case in a pm to me at storm ? along with the message I posted of facebook backs up my point

end of topic

and
