falcod wrote on Thu, 01 March 2012 14:58 they are all extremely small sized.. (2v2? 3v3? Where's the fun in that....) and there aren't even any matches today lol..

is there a server where you at least get 7 people per side regularly?

I was never a fan of small matches myself but the competitive level is intense. Maybe if we get enough good players and keep the noobs out with the password we can have a good server of really strong players.

We can maybe have teams with more people and keep record still for competitive purposes

Or just make one a fun server and keep the other for small clanwars
