2. what he did was wrong and not sure of his reasons but seeing how some people are can see he wanted to hurt them in some way.
the serv he was attacking I am mainly banned so I couldnt give a crap if they crash or not it didnt affect my game.

I just thought I'd say, even though I don't know exactly what you were banned for at Jelly, it was bad enough that they actually banned the BT ISP as a whole to keep the mean ladys out. You weren't the only one, but you were definitely one of the main ones.

this ss shows why...now the mods at jelly will say diffrent and try to make out they banned me for own reasons and are not wilo little helpers but it was only days after this message they banned me .
