StealthEye wrote on Thu, 08 March 2012 05:22Ethenal, rostek, do you get any crashdumps in My Documents/Renegade/Client/debug?

No there is no crashdump, like I said it just freezes up. I tried to re-install it but same thing happens every time.

The game runs fine without 4.0 though.

I don't know, maybe beta 4 doesn't like my puter.
