just because he's not observant doesn't mean he sucks  
he would have wiped his ass with you in tanks  
if he 1v1'ed you right now he would kick your teeth in  
and he's hulked out on steroids somewhere so he probably can't even hold a mouse right

he had a radar hack thing going on too eh? that would be more apparent during a clanwar  
Mike knew TiDeTh was aimbotting just by playing against him in a 2v2
