Subject: Re: error after update beta 4
Posted by Valherran on Fri, 16 Mar 2012 22:16:58 GMT

After fighting with the damn Script Install, I got it to run. But now it won't work after I run the config, it bleeps with continous error sounds 7-8 times till it finnaly comes up with a problem message and it needs to close. Hopefuly this Crash Dump File will help...
