robbyke wrote on Sat, 07 April 2012 03:43i was wondering if tt could make it possible on all maps that the mrls has a movable launcher .

i remember i saw it on a map once and it made the mrls come closer to the arty

it doesnt have to be forced but maybe an option for it

To answer your question; yes you could but it would require you to have your players download an alternative model + what not to have that role out of the wf every time it's purchased.
