Yes lets all connect to the Internet the way we disconnect from it to take out the middle man.

Also for people like Reckneya when you see "From: *mycingular.net" that means everything I say is being typed from a virtual keyboard and auto corrected (iPhone). No shit it's not going to make much sense (I said that in earlier posts)

"Quoteception"Also what happened to you can change your ISP I doubt you even know what a VPN is or even a remote idea of how the Internet even works.

If I disregard the deficit of cohesion between his statements, and the lack of proper spelling and use of symbols I think I know what he was trying to say, and I lol'd. No hard feelings though
