Actually not at all. I've had a smile on my face ever since I got home and heard all my fans gathered to one topic to pay their respects. To be honest, I've been rather happy as of late. Got a lot of awesome things going on. Life is starting to look up a bit. It would take a pretty sad person to get mad about the interwebz. Also I think it's painfully funny that I have my very own thread here on these forums when I've only made like 9 or 10 posts in total, honestly I think that's pretty cool.
