Thanks to you guys, all accounts need manual approval. Now my best friend can't join the renegade community.

Plz Please stay on topic,; practice what you preach.

Wallywood wrote on Sat, 09 June 2012 11:35

practice what you preach.

There is no wondering why you require assistance from your TS buddies - you're so inept at defending yourself that you often trip over your own e-words. The sad thing is that you're fully capable of editing what you say before you press the submit button, yet you're perfectly content making yourself look mentally deficient.
