---

its impossible for me to get past MVP\*3

I inevitably end up bored. Either I win and I spend all my time killing shit, but I can't move up and kill buildings because the team is too fucktarded to follow, or I defend and keep killing shit but can't move out because the team is too fucktarded to follow. So after two or three times of this i get a chem and try to kill a building for lulz
