Hitman wrote on Thu, 27 September 2012 12:02we all can have a bad rene day

if i start losing, or get annoyed, i'll play quite alot worse than i normally do in a cw or even in public

as i have said many many times before, i never 1v1, played like 10 in my entire renegade career, im sure anyone got quite a chance to win vs me lol, it nearly all comes down to spawns and maybe the first tank fight, after that its pretty much a done deal, the one who kills the first harv wins, again basically decided by spawns lol, which is basically illustrating why lots of 'random' clanwar players won a 1v1 tournament at one point, i think even karmai made it into the finals on one of those lol

glad to hear the most annoying thing about me is that on complex i basically win the game for my teams because i render all their tanks useless, and waste their creds, giving them free way to run in, u trying to help me here?

am i better than spoony @ 1v1 when i let him get 400 off in my base, sit in his base with shooter, let him buy flamer, and kill him as he runs for it? i dont think so... just illustrating how gay 1v1's can be

but anyways, you're right, i am terrible, that's probably why i have been in (just about) every top 5 clan to ever play the game

ps: congrats on winning 1 game vs me in your entire renecareer
