MDK, I don't get even how shaitan is the center of this (again) - he wasn't even around... lol

shiton has always been at the center of this along with his group

all back to the days he made a the fake MDK cheating fraps to help wilo and get me banned at lots of servers. along with spreading the MDK is crashing jelly and storm the list go,s on .

and then the dj-eye rage the other week in game where not one bit of action was taken . and the topic the logs and the thread was all deleted and burried ..

he-you-ur staff all allowed this to happen with in your server and even the day after I got warnings in game for even pistol shooting a char on the same team aka-dj-eye.

then the final nail all be it was me so none realy care. is banning a player for b2b with a gunner and refuseing to stop.

I know we chatted on facebook and I also know not one word you said was true just like with wilo you try to play of the nice guy persona but then back stab behind closed doors..

at least some of these guys have the balls to say how they realy feel about some one. guys like you and some others are nice to ppl's faces then sculk off and say fck I hate him but dont have the balls to say it to his face
