tristt's joke completely went over EWD's head lol

that analogy is pretty bad

MPF has the right to do whatever it wants on its own server; no one is denying that point  
Iran is just making a case for himself, and challenging their credibility as a community (if he's a  
clean player and getting banned for cheats regardless, he would have a point)

they actually don't care, and are happy to keep him banned (even if he reasonably clears his  
name)

again, they have the right to do so on their own servers - everyone understands
