i read it as "sit on my hands and clap," and immediately tried to do so
it doesn't work, and my girlfriend laughed at me really hard

LOL good stuff.

Rencorner people I suggest thinking about your players first instead of your internal affairs. When n00bstories started to die out a shit ton of players just stopped playing and I lost contact with many good friends.

I suggest you make sure that your community continues to play the game and don't let them disappear in the line of fire. I believe I saw that WNxM45T3R for example already wants to quit ren and move on.

Others are probably in the same boat. So keep the players in check please before you kill of more of renegade
