Fusion maps is a server modification that blends various C&C elements into custom and standard Renegade maps and even will include custom maps.

Warning! Images are large!Toggle Spoiler

Warning! Images are large!Toggle Spoiler

This is all currently available without any special standalone installers or anything. Just need a copy of C&C Renegade and the latest Tiberian Technologies 4.1 patch and you can join our Fusion server to try this incredible new stuff!!

Here is a more detailed list of changes and images
<http://forums.cinergygaming.com/index.php?/topic/9-what-are-fusion-maps/>

Here are some trailers we made for showcasing things..

<https://www.youtube.com/watch?v=RqeU2ryjzCc>

https://www.youtube.com/watch?v=_zO_N5LG2AE

And our latest patch that adds carryall units to Canyon Falls and other upcoming maps

https://www.youtube.com/watch?v=uMR_VuytNQc

ALL OF THIS IS ONLINE AND CURRENTLY PLAYABLE! @ [Cinergy Gaming] Fusion Maps 4.1
Listed on Renlist or XWIS

A special thanks to all in Tiberian Technologies Development team for all their hardwork, without them all of this wouldn't of been possible THANKS!
