I have two jobs, a daily workout, and a girlfriend, frankly I'm surprised I have time to game at all.  
:listen:

When I am not playing Renegade, I like to play Neverwinter Nights, Hollywood Mogul, and downloading old games I used to play when I was a kid from <http://www.the-underdogs.org/>.

I have a soft spot in my heart for well written games, even if the graphics are from a Commodore64. The all-text version of Leather Goddess of Phobos? Yeah, I played that.
